Dear Parents / Caregivers

Re: 2026 Student Resource Scheme

Attached to this letter is documentation regarding the **Student Resource Scheme for 2026**. The Student Resource Scheme is a payment families are asked to make, to contribute towards resources that students will use throughout the school year. These resources include booklist requirements, consumable items, online learning programs and iPad apps.

Your participation or non-participation in the scheme will continue as per your previously completed Participation Agreement Form. Parents who wish to continue with their SRS arrangement do not need to return any paperwork.

Parents who wish to change their SRS arrangement are asked to complete and return the attached paperwork.

Please be reminded that a payment (part payment or full payment) needs to be made before students will be given access to their online apps and programs, as well as booklist requirements.

If families choose to "opt out" of the SRS, a detailed booklist for your child's year level is available on the school website and parents will be required to provide all resources for their child.

Students who are in the BYOD iPad program in 2025 will have their devices, apps and programs 'rolled over' at the start of 2026, once a payment has been made.

Families who have outstanding balances from 2025, will need to speak with an Admin team member.

If you would like to discuss any aspects of the student resource scheme, please don't hesitate to call.

Kind Regards,

Kate Schmauser
Deputy Principal

Libby Bond
Principal
